

Youth Network of Tasmania Strategic Plan: 2025-2028

Vision

A Tasmania where all young people are valued.

Purpose

To amplify the views, rights and leadership of young people in Tasmania.

1

Youth Participation and Empowerment

Goal

Empower young people to share their views, contribute to decisions that affect their lives, and actively participate in their communities.

Which means...

"Empowering us with the tools and space to speak up, support each other's voices, and drive change in our communities. YNOT achieves this by offering tangible and accessible opportunities where we can meet like-minded young people, have fun and grow our leadership."

(YNOT Youth Advisory Council 2025)

2

Policy and Advocacy

Goal

Ensure young people shape and lead public policy and advocacy agendas, driving meaningful change on the issues that matter most to them.

Which means...

"Upholding our rights to contribute to the systems and structures that affect us, putting us at the centre of decision-making. YNOT supports young people and adults to share power and influence, making our involvement the norm – not the exception."

(YNOT Youth Advisory Council 2025)

3

Organisational Sustainability

Goal

Ensure YNOT's long-term sustainability by building a strong, adaptive organisation while prioritising key activities within available resources.

Which means...

"Empowering young people to connect with and be proud to be a part of YNOT. YNOT's power comes from working with young people - 'there's nothing about us, without us!'."

(YNOT Youth Advisory Council 2025)

Our values

Respect

We respect, listen to encourage and celebrate the participation and views of all young people.

Equity

We call out injustices and we are committed to equitable outcomes and opportunities for all young people.

Collaboration

We work for and alongside young Tasmanians and in partnership with those seeking positive change for young Tasmanians.

Integrity

We value honesty and commitment and build trust through our actions.
